

A lecture on “**Careers in Computer Science**” was organized by Department of Computer Science on 31st August 2019 for the students of First Year, Second Year and Third Year Computer Science.

For this session resource person Mr. Tejas Potphode from Rely Services Inc., Pune was present. He is our prominent alumni. Introduction of guest is given by Mr. Ajinkya Naphade.

Mr. Tejas Potphode starts his session with some questions to students. Then he briefly introduces careers in Computer Science, current trends in market and recent technologies. He also focuses on requirement of post-graduation education in industry. He also speaks about the need of programming language in industry.

Vote of thanks is given by Mrs. Madhuri S. Bapat.

All the students from Computer Science were present on this activity.
