

Sameer Deo

Head of India Operations, RIA Advisory

Sameer brings over 25 years of experience in the BFSI IT industry, where he has held various roles and responsibilities at RIA, Infosys, Oracle, and Citigroup. His expertise lies in Financial Messaging, Payments, Pricing & Billing, with a deep understanding of the domain.

Sameer's expertise includes managing the offshore delivery center, competency and end-to-end process setup, Product Management, delivery optimization, and overseeing operations and BOT LOBs for RIA Advisory India.

Before joining RIA, Sameer served as the Senior Industry Principle for Infosys, where he managed the ORMB Competency/Practice and PnL responsibilities. During his tenure as a Director at Oracle, Sameer played a key role in conceptualizing product/LOBs in the Financial Messaging and payments domain. He also established Product Management, Marketing, and Presales functions for new products and the ORMB offshore practice at Oracle FS GBU. Sameer has additionally contributed to a major global transformation program while working with Citigroup in the UK.
